SUMMARY

Dedicated, proactive, and with a drive to learn new things. I envision myself becoming a Cloud Solutions Architect and a Data Engineer, in the next five years.

RELEVANT EXPERIENCE

Team Lead – Inventory Management Solution
Azubi Africa Trainee – Business Intelligence with Power Platform
October 2020 – February 2021

- Led a team of four to build an inventory management solution that will reduce count time and ensure accuracy for warehouse owners, keepers or managers.

Teaching and Research Assistant
Computer Science and Engineering Department – University of Mines and Technology
September 2019 – August 2020

- I organised practical programming labs in C# and web development for students.
